Tornado Sport developed the 40 foot Extreme 40 catamaran in 2005 with the concept of bringing the sailing to the public and not the other way round.

The origins of the Extreme 40 are the Olympic Class Catamaran, the Tornado – essentially the Extreme 40 is a scaled-up version of the Tornado, all of the dimensions are relative to the Tornado, it is just twice as big and incredibly fast.

Sponsors are now targeting new foiling versions therefore the Extreme 40 are now available for sensation day charters.
